Competition committee: Kevin Haslag

- Summer Sizzler League-After several curveballs from Mother Nature, we finished up the league. I still need to hand out the medals and take pictures. It was one of the most competitive leagues to date. I'd like to thank everyone for their patience and help throughout this league.
- Team Leagues-The fall team league is underway. Hopefully the cancellations from the summer league doesn't push us too far into the fall. This is the latest we ever ran an outdoor league. We made a lot of changes to the team league to think it will make it better going forward. A huge shout out to make it mirror more the MLP League format. Been quite a process, but I think it will make it better going forward. A huge shout out to Alice Bax for helping me through the process.
- Fall Frenzy went extremely well. We ended up with roughly 150 players. Mother Nature did try to test our patience a little, but we worked our way through it. With the process we have in place and the numerous volunteers, it couldn't have run any smoother. I would like to thank all the volunteers. There are too many to name, but I personally thank each and every one of them.
- I would also like to thank the numerous people that helped with the medical emergency. Without their immediate attention, this could have ended a lot worse. I am not going to mention names, but you know who you are and you saved a life. The family and Parks and Recreation would also like to express their appreciation to those jumping in and helping out.
- I plan to talk to Cole, at the YMCA, about our annual Winter Indoor Leagues that are held on Saturdays starting in January and ending in April. I also plan to talk to him about hosting some other events indoors this winter.

Member-at-large: Mary Ulm

- Activities at the YMCA and pickleball courts.
    - *Talked about the YMCA outdoor courts. Fences will be placed between courts.*
    - *Pickleball open play on Friday evenings 5:30 - 7:30. For Y members and those with day passes.*
    - *Talking about doing some one day events through the Y.*
